The outcomes from the Dialogues will be of use in developing the pathway to a healthier and hunger-free America. Each Dialogue will contribute in three distinct ways:

- Direct submission to the White House in advance of the Conference on Hunger, Nutrition, and Health (for events and feedback received prior to the July 15th deadline)
- Published as public facing and searchable documents on the Good Food Dialogues website
- Rolled into a final report that synthesizes the feedback, ideas, and challenges shared throughout all the Good Food Dialogues. This report will not only be submitted to the White House but will also be used to inform a movement for change well beyond the White House Conference.

2. PRINCIPLES OF ENGAGEMENT

HOW DID YOU ORGANIZE THE DIALOGUE SO THAT THE PRINCIPLES WERE INCORPORATED, REINFORCED AND ENHANCED?

The Dialogue incorporated the Principles of Engagement beginning with those who were invited to be participants, it was important that we emphasized inclusivity and diversity to ensure that this was a full, honest, unbiased conversation. We also used the Principles of Engagement to organize and curate our Discussion Topics and Questions to guide the Dialogue. The Principles of Engagement were also reinforced throughout the entirety of the Dialogue with the assistance of our Host who facilitated the Dialogue, curated the questions, and followed up with the participants, post-Dialogue.

HOW DID YOUR DIALOGUE REFLECT SPECIFIC ASPECTS OF THE PRINCIPLES?

This Dialogue centered the Principles of Engagement by focusing on complimenting the work of others, embracing multistakeholder inclusivity, and being respectful. There were several community members and people with lived experience who engaged in this Dialogue. Throughout the session, the panelists were able to highlight each other's work and discuss how they fill in gaps on a local, state, and federal level. Having panelists with different backgrounds, perspectives, and frameworks created a Dialogue that indubitably compliments the work of others, embraces diversity and inclusivity, and in order to host an effective conversation.

DO YOU HAVE ADVICE FOR OTHER DIALOGUE CONVENORS ABOUT APPRECIATING THE PRINCIPLES OF ENGAGEMENT?

We would advise other Dialogue Convenors to prioritize the Principles of Engagement as they set the tone for the entire Dialogue. Precursing the Dialogue with Respect, Urgency, Trust, Complimenting the work of others, and Inclusivity allows for honest, concise, and robust feedback from all participants.
